The World's Largest Films and Flexible Packaging Summit & Exhibition

ElitePlus to Host World's Largest Speciality Films & Flexible Packaging Summit at Mumbai: Charting a New Wave of Growth **Mumbai, India | 03 August 2026**

The 13th Speciality Films & Flexible Packaging Global Summit & Exhibition – 2026, scheduled from 26 - 27 Aug, 2026 at Jio World Convention Centre, Mumbai India. The event is supported by the **Department of Chemicals & Petrochemicals (DCPC), Ministry of Chemicals & Fertilizers, Government of India** and leading industry associations, the Summit has grown into the **World's Largest Business Summit & Exhibition**. The 2026 edition is expected to bring together **2,200+ Global Industry Leaders | 90+ Speakers from India & Overseas | 120+ Exhibitors**, representing the complete packaging value chain across **25+ Countries**.

A Global Platform Shaping the Future of Films, Packaging and related Industries

As the packaging industry undergoes rapid transformation driven by sustainability, circular economy initiatives, digitalization and advanced manufacturing, the Summit will provide a Global platform to discuss the trends, technologies and business opportunities shaping the future of the packaging industry.

Key discussions will cover **Speciality Films | Polyethylene (PE)-Based Specialty Films | Flexible Packaging | High-Barrier Technologies | Recyclable & Mono-material Packaging Solutions | Circular Economy | EPR & PCR Integration | AI & Agentic AI | Smart Manufacturing | Printing & Converting Technologies | Digital Transformation | Sustainable Packaging**.

Leadership Panels Addressing the Industry's Most Critical Issues

Complementing the technical sessions, the Summit will feature series of high-impact leadership **Panel Discussions** bringing together **Global CEOs, Brand Owners, Policymakers and Technology Leaders** to deliberate on the industry's most pressing opportunities and challenges.

The discussions will focus on next-generation packaging innovations, circular economy, EPR implementation, premiumisation, evolving consumer expectations, future raw-material trends, sustainable growth strategies and the increasing role of AI, automation and digital transformation in building the packaging industry of tomorrow.

A Complete 360° Packaging Ecosystem

One of the Summit's greatest strengths is the participation of the complete packaging value chain, bringing together **Brand Owners | Raw Material Producers | Resin Suppliers | Film Manufacturers | Flexible Packaging Converters | Machinery & Technology Providers | Recyclers | Government Policymakers & Regulatory Authorities (DCPC | CPCB | FSSAI | MPCB) | Academia | Industry Associations** all under one roof.

A Platform for Leadership, Innovation & Collaboration

More than a conference, the Summit is a platform for **thought leadership | collaboration | knowledge exchange | business networking | strategic partnerships | meaningful connections**, where **experience meets innovation** and industry leaders come together to shape the next chapter of the speciality films and flexible packaging industry.

A Unique Combination of Conference & Exhibition

With 120+ global exhibitors and 2,200+ industry professionals, the exhibition will attract a highly qualified audience of CXOs, business leaders, procurement heads, technical experts, and key decision-makers, offering exhibitors exceptional opportunities to showcase innovations, generate business leads, and forge strategic partnerships.

The Global Flexible Event of the 2026! Cannot afford to Miss!
